

## COWBIT WASH 1927

SIR, The photo enclosed is of Cowbit Wash taken 1927 when the water was frozen and we as school children used to skate on it before and after school hours. In the picture can be seen Cowbit Church, also the school on the right. I am in the picture with my brother, also several school pals. I enclosed this photo in a reply to Mrs. J. M. Wirth of Helpston, who sent a photo about the wagon rides at the Annual Sunday School Feast.
