March 8, 1915.

endo.1.

Dear Sir,

I enclose copy of a letter received to-day from the Special Commissioners of the Board of Agriculture with reference to their report upon the **conditions** of drainage in the area of our Board. In view of the importance of their proposals, and the bearing they may have upon the Inquiry next week, I have written to ask that their scheme may be communicated to me this week. I have also written to Mr. Grantham, who will conduct the Enquiry, to the same effect.

Yours faithfully,

*Cecil W. Bell,*

Jonathan Ward Esq.

Thurlby.
