TULIP TIME 1954

Although it is difficult to make an accurate forecast owing to varying weather conditions it is anticipated that the last week in April and the first twelve days in May will be the time to see the flowers at their best. Most of the fields on the route are open to inspection by the public.

Owing to the very large number of people who visit the district on Sunday, thereby causing difficulties with traffic and catering, visitors are advised that wherever possible they should tour the Route during the week.

For further information, or in case of difficulty, do not hesitate to contact the Hon. Secretary, "Dehra Dun," Cley Hall Drive, Spalding (after 5 p.m. Spalding 3270) or during Tulip Time the Information Bureau, Sheep Market, Spalding, Tel. No. Spalding 3280.
